Objective

Aspiring to pursue a Bachelor's degree to gain comprehensive skills and knowledge essential for influencing local and international development. My long-term goal is to further specialize through a Master's degree, enhancing my ability to contribute meaningfully to advancements in the engineering field.

Education

Marion Preparatory School (2014–2019)

- Achieved 397 marks, A- in the Kenya Certificate of Primary Education (KCPE).

Njiiri School (2020–2023)

- Attained a B+ in the Kenya Certificate of Secondary Education (KCSE).

Mahanaim Educational Institute (2024–Present)

- Currently enrolled in a short course focused on acquiring hands-on skills in the electrical field.
-

Skills

- Proficient in basic electrical tasks, including wiring, troubleshooting, and circuit assembly.
- Strong teamwork and communication skills, honed through collaborative projects and group settings.
- Demonstrated leadership abilities in school and school project contexts.
- Above-average proficiency in mathematical problem-solving.

Certifications and Training

- Currently preparing for the NITA Grade 2 Electrical Wireman Certification.
- Kenya Certificate of Secondary Education
- Kenya Certificate of Primary Education

Work Experience

- None (currently a student at Mahanaim Educational Institute).

Achievements and Awards

- Achieved top marks in KCPE with an A-.
- Recognized for leadership contributions during high school, especially in team and project management.
- Active participant in STEM-related activities at Njiiri School and Mahanaim Educational Institute.

Hobbies and Interests

- Exploring innovations in renewable energy and sustainable electrical systems.
 - Engaging in problem-solving challenges and engineering workshops.
 - Keeping up-to-date with global advancements in electrical engineering technologies.
-
